

## An Introduction to the Petroleum Industry

**The Introduction to the Petroleum Industry** is a one day seminar designed for those people who wish to gain a broad understanding of the petroleum industry at an introductory level. It is recommended for administration staff, new employees or those looking for employment, and people who supply services to the petroleum industry (finance, law, engineering, etc). The topics cover the whole petroleum story, delivered by industry experts, in an interactive and informative manner.

Participants receive a CD ROM of all presentations including a Glossary of Terms, and a Certificate of Participation.
